Nothing funny about actor's bomb joke

MANALO: "I don't know."

By Tarra Quismundo

ANOTHER ACTOR TRIED TO BE funny on an airplane and, like others before him, flopped big-time.

Flight attendants on a Philippine Airlines trip to Palawan from Manila found no humor in actor Jay Manalo's joke that he had a bomb in his carry-on luggage.

Manalo was kicked off the plane and brought to a police detachment for questioning.

"I got into trouble because of my ignorance," Manalo told reporters in Filipino at the Philippine National Police Aviation Security Group (PNP-ASG) office at the Manila domestic airport.

Manalo was removed from PAL flight PR-193 bound for Puerto Princesa City minutes before the plane was to take off at 8 a.m. yesterday from Ninoy Aquino International Airport Terminal 2 after he joked that there was a bomb in his backpack.

Flight steward Hector [illegible] reported the comment to police, said Chief Supt. Atilano Morada, PNP-ASG chief.

"[illegible] bomba yan ba (There's a bomb in there)," Manalo told reporters he had said to a flight attendant he had asked to stow his bag in the overhead bin.

"He just gave it (the bag) back to me," he said.

He had just finished his drink in his seat when he learned the flight attendant had reported his remark to the airport police. He said he went with the police to avoid further trouble.

"I really did not know that making such a joke I would get me in trouble. If only I knew. Now, even on a bus or in a taxi, I will never again joke about a bomb," said the actor who added that he did not see the notices against making bomb jokes posted around the Naia 2 terminal.

"To those who tend whether intentionally or just [illegible], I hope you will not make jokes about terrorism. I never imagined that was in the law," Manalo said.

Making bomb jokes is punishable under Presidential Decree 1727, which imposes a maximum prison term of five years and a fine of P40,000 on those convicted.

The incident was the 14th involving a bomb joke this year.

Several weeks ago, actor John Estrada was investigated for making a bomb joke at the General Santos City airport. [illegible] was allowed to board his flight after a search of his luggage failed to turn up a bomb.

As of press time, Manalo was still in police custody as investigators awaited the decision of PAL whether or not to pursue the case, Morada said.

It is with pleasure that I greet the PHILIPPINES INTERNATIONAL LIFE INSURANCE CO., INC. on its 51st Founding Anniversary.

Today, this enterprising life insurance company celebrates its "new beginning" after having hurdled trials and difficulties. I congratulate its management for steering the company towards stability, and the faithful staff who have shown commitment to honest service towards its insureds.

Despite the challenges, the prestige and good name of the Philippine International Life Insurance Co., Inc. is untarnished. It is my wish that it further strengthens, for a consistent ally in developing the insurance industry, and celebrate many more years of financial protection to the Filipino people.

EVANGELINE CRISOSTOMO-ESCOBILLO

The Philippine Life Insurance Association (PLIA) extends its warmest greetings and congratulations to Philippine International Life Insurance Company (Philinterlife) on its 51st Anniversary.

More power!

EMILIO S. DE QUIROS, JR.
President

Philippines International Life Insurance Company

PHILIPPINES INTERNATIONAL LIFE INSURANCE CO., INC. (Philinterlife) was established in the year 1956, when the Securities and Exchange Commission issued its Certificate of Registration to operate the business of life insurance for a span of 50 years. Year 2006 marked its golden Anniversary for having completed fifty years of faithful service to the insuring public.

In 1983, PHILINTERLIFE was handled and its affairs, fell under a new management and corporate leadership, was fortunate enough to guide the whole enterprise to a much better horizon [illegible] privilege of seeking and successfully securing a new mandate from the Securities and Exchange Commission for another FIFTY (50) YEARS to operate.

Today it is our 1st anniversary for another 50 years extension or new life of PHILINTERLIFE. This is also a new turning point for our company in another quest for business excellence in the field of life insurance [illegible] our loyal clients, supporters, friends, associates and the insuring public that, henceforth, our corporate anniversary shall fall on each and every July 6th of the year.

There is every reason for us to strive for better service and to continue to be firm in our pledges and fulfill our commitments to our valued insureds and policyholders even as we abide by all rules and regulations promulgated by the Insurance Commission, having direct supervision over our official activities and the laws governing our entire operations.

We will continue to be compliant with all the things that ought to be done for the benefit of the Filipino people and, likewise, with any and all professional associations of which PHILINTERLIFE has been a very active and supportive member.

It is, indeed, with pride to state that we have survived all the obstacles in the past fifty years and, as we look forward to the next half a century of service taking us into another lifetime, we dream once more that we shall leave behind a legacy to continue our sublime efforts unto eternity.

THE QUESTION wasn't so much if, after an extended absence from the limelight, the famously reclusive Auggie Cordero could still pack a punch with his first gala show in 13 years. Because after he had sent out his 40-plus collection of daywear, evening gowns and bridal finery in Metro Society's Samsung Metrowear show at the Peninsula's Rigodon ballroom on Friday, it was clear that here was a man whose body of work is rightly spoken in reverential tones by colleagues and fashion insiders.

Jessica gives its take on ultra-feminine fashion

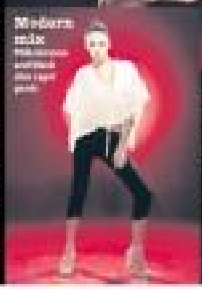

Scarlet woman Red satin dress with ribbon

CHIC, WOMANLY FASHION is back. It's time to bring out your inner vixen by donning romantic, feminine pieces from Jessica that combines both substance and style.

Go for a modern, romantic look with frills and ruffles that evoke a Victorian feel. Or put on a pretty lace camisole that's all woman yet free spirited and fun.

Now's your chance to show off that hourglass figure, as cinched waistlines are all the rage. Belts (the wider the better!) are definite must-haves this season.

Fabrication is also a major consideration when dressing in sophisticated, womanly fashions. Girlie prints, texture and shine with the use of floral jacquards, [illegible] prints on cotton, paisley prints on silk satin, flower-inspired appliqués and jacquard jersey with Lurex jacquard as sparkling accents to highlight main themes.

Modern mix [illegible] and black slim capri pants

A romantic mix of subdued palettes is also always fresh. You can't go wrong with beige and soft pastels, and even neutrals like [illegible] on denim wear.

But if you really want to stand out, opt for vibrant splashes of colors to accentuate a neutral wardrobe.

Match basics with delicious hues in orange, lime, sky blue or pink shades, for example. Or simply don a sexy scarlet dress that will successfully turn heads. Ad

Jessica is exclusively distributed by [illegible] Specialties Inc. and is available at Shangri-La Plaza Mall, The Podium and Rustan's Makati.

The Passion For Perfection.

Nokia N76. The computer done beautifully.

The Nokia N76 is the computer done beautifully. This newest model in the Nokia Nseries features the latest in multimedia technology and modern design. It recognizes and meets the demands of the sophisticated, discerning and most of all, passionate mobile user. With its many advanced features and slim, sleek packaging, the Nokia N76 fulfills the individual's strong desire for both style and substance in their lifestyle.

MEGA editor **Vicky Urieta** says, "I tend to be obsessive-compulsive with my work as I am very detail-oriented. Perfect execution, as well as excellent delivery, are always a must." Her dedication and passion makes her accept no compromises when it comes to the style or substance of the magazine. Difficult as it is, it's what drives her to do her job. Not surprisingly, Vicky is as enthusiastic about the Nokia N76 for its functions that are "just as impressive as its exterior." She says the new model in the Nseries embodies "strength, resilience and versatility."

Editor, Mega Magazine

"Right after food, clothing and shelter, should be your mobile phone," says **Rafa Alunan**. Though far from being just a necessity, Rafa likes the Nokia N76 design innovations like the "flip" feature. "Never had a phone that flipped open and close before. Now that I have one, I see why it's always a hit!"

"Fold it when you don't need it and its size is cut in half," he demonstrates. "A gentle push makes the palm-size gizmo into a tall and sexy mobile device."

Rafa Alunan
Entrepreneur

The Nokia N76 is at the forefront of mobile technology and design innovation because of one reason – passion. The Nseries – especially its latest model, the Nokia N76 – was produced with the same passion the individuals above apply in their own fields.

The style and substance of their personalities make for a perfect combination.

JERICHO ROSALES

NOW THAT JERICHO ROSALES IS TOO BUSY WITH WORK TO HIT the beach and go surfing, he settles for skateboarding. "Pareho ka[illegible] ang feel," he told Living Stars. He even convinced his girlfriend, actress Heart Evangelista, to take on the sport. "We skateboard everywhere—in Antipolo (where he lives), in Makati (where Heart lives), and sometimes all over the UP grounds," he said. He took the photo himself while on his own rig.
